## *Wisconsin's Lake Country*

# LAKES AND WATERWAYS

The landscape of Vilas County provides woods and water for all to enjoy. Boaters can explore several lake chains. Anglers will find some of the best fishing in the state. Swimmers will enjoy crystal-clear waters. There's no better place in the Midwest for a lakeside vacation.

The lakes of Vilas County are special. Their clarity and beauty are unsurpassed in the Midwest. Many lakes are lightly developed, allowing for untouched shorelines and superior water quality. Healthy forests and wetlands help to keep lakes clean and clear. The well-being of the lakes is a priority for Vilas County's 12 communities. Public access to Vilas County's lakes is outstanding, as there are more than 200 public access landings of various types. The range of choices for boaters, anglers and paddlers is nearly endless.

**Story of the Lakes** – The 1,300 lakes of Vilas County trace their origins back 10,000 years to the last Ice Age. Immense chunks of ice left behind by the glaciers slowly melted, leaving behind depressions

that then filled with water. For countless generations, Native Americans made their homes along the shores, depending on these waters for their sustenance.

**Headwaters** – The Wisconsin River winds its way through the state for 420 miles. The river finds its source in the pure waters of Lac Vieux Desert, a 2,853-acre lake near the Wisconsin-Michigan border. From here, the river begins its journey to the Mississippi River. The clean waters of Vilas County teem with life, including musky, walleye, northern pike, bass, crappie, bluegill and yellow perch. Several of Vilas County's lakes are so deep, cold and pure that they harbor whitefish and lake trout.

**Fishing** – The musky fishing in Vilas County is second to none. Not only does Vilas County produce some of the biggest muskies caught each year, but area lakes are also known for their large populations of legal-sized fish. If you're looking to catch a musky, you need to fish Vilas County.

The bass fishing in Vilas County is outstanding. Largemouth bass lurk in shallow backwaters and bays. Smallmouth bass are found in deeper water. Vilas County lakes harbor some of the biggest, most beautiful smallmouth bass in the state.

Anglers enjoy Vilas County waters for the diversity of fishing opportunities on countless lakes. Catch everything from crappie, yellow perch and bluegill to hard-fighting walleye and pike. Many streams and several lakes hold trout. Crystal-clear water and wooded shorelines make it a joy to be out on the lake, whether you're fishing, boating, paddling or waterskiing.

#### **Canoeing, Kayaking and Stand-up**

**Paddleboarding** – With more than 1,300 lakes and 73 rivers and streams, you can find hidden ponds and quiet waters. Take a canoe trip through one of Vilas County's multi-lake chains and stop at lakeside restaurants along the way.

**Swimming** – The crystal-clear water of Vilas County's lakes is ideal for swimming. Most lakes stay clear even through the hottest summer months. Many resorts and lodging properties offer swimming areas. You'll even find sandy beaches on a number of the lakes. Spend the day frolicking in the water. Wade along the shore, skip stones or take in the scenery. Or, spend an afternoon in a lounge chair, reading a book, soaking up the sun and enjoying the tranquility.

#### **Waterskiing, Tubing and Boating**

Waterskiing and tubing are popular Vilas County activities. The many varied lakes in Vilas County offer nearly unlimited recreational opportunities. If cruising along in a pontoon boat is more your style, you'll also find opportunities aplenty.

**Protected Waters** – The 232,000-acre Northern Highland-American Legion State Forest protects many large bodies of water, including 3,800-acre Trout Lake, the largest lake in Vilas County. The many public boat landings in the state forest afford anglers access to pristine lakes and quality fishing. The Northern Highland-American Legion State Forest protects smaller lakes as well. Many of these shimmering gems are unnamed. Accessing some of the forest's smaller lakes may require a walk through the woods, but a resourceful angler or paddler who is willing to go for a hike can find unbelievable fishing in these virgin waters.

**Ever-Changing Scenery** – Perhaps the best thing about Vilas County's lakes is the scenery. A bald eagle gazes out from a barren tree along the wooded shore. Loons singing in the morning swim slowly across the glass-like surface. Trees are reflected on the lake, setting the waves afire with autumn color. Lakeside cottages and pine trees sleep quietly beneath a blanket of snow. If you're looking for fun, beauty and tranquility, you need to head north to Vilas County, a lakeside vacation destination 10,000 years in the making.

## AQUATIC HITCHHIKERS

Your boat, trailer & equipment may be carrying plant fragments or life forms such as **Eurasian Water-milfoil, Zebra Mussels or Spiny Water Fleas** that can cause permanent damage to the lakes we all love and want to protect!

**Remove all plants, mud & other debris from your boat trailer.**

**Flush water through your motor's cooling system (a garden hose adapter available from your local boat dealer will make this easy.)**

**Disinfect the bilge area, live wells, anchor ropes & any damp portion of your boat's interior.**

**Wash & Rinse all fishing tackle (including the line on fishing reels) and all bait buckets or other containers that have been in contact with lake water.**

**Dispose of all live bait in a trash container.**

**Air Dry your boat for several days (if possible).**

Wisconsin law requires the removal of all aquatic vegetation, aquatic animals and on-board water from boats, trailers and related equipment before traveling over Wisconsin public roadways. Be aware to protect our waterways now and for the future.

# MUSKY MEMORIES

Thank you for 50 years of the Musky Marathon.

Over the past 50 years, there have been a lot of changes in musky fishing. But, one thing has remained the same—the thrill of the hunt. Since 1964, the Musky Marathon has celebrated the excitement of musky fishing in Vilas County by recognizing anglers for the fish they caught and the experiences they had. Thank you to everyone who participated in the Musky Marathon. May your musky memories last forever!

*Vilas County offers hundreds of musky lakes.*

*Another happy Vilas County musky angler.*

*Catch all the action*

# VILAS COUNTY MAPS

Vilas County offers an incredible variety of recreational trails. Find outstanding birdwatching areas. See interesting attractions. Choose from more than 50 designated trails offering everything from hiking, biking, paddling and birdwatching to cross-country skiing and snowshoeing.

The following maps will help you explore the lakes and forests of Vilas County. On pages 30-44, you'll find maps of 57 trails. Each of the trail maps has GPS coordinates for its trailhead and its own key for identifying the icons used on that map. Each map number shows the trail's approximate location on the Vilas County map (pages 28-29). Some recreation sites in the national forests may charge a parking fee. Some trail segments, especially in the Vilas County Forest, may be hard-pack and sand, which may not be suitable for some bicycles. Trail surface type is indicated by the following: M=Mountain Biking; P=Paved trails and I=Improved Trails (gravel, crushed limestone, etc.). Visit [vilas.org](http://vilas.org) for the most up-to-date trail information and maps.

Snowmobile trail maps are fundraisers for the local clubs and available from local businesses and chambers of commerce. For snowmobile trail conditions, call 800.236.3649 or visit [vilas.org](http://vilas.org).
